Thank you for supporting this year's Virtual Christmas/Holiday Parade & to its success – Centennial Lions.

EXTRA, EXTRA READ ALL ABOUT IT!

Santa Claus Coming to Town After All!

Hosted by Centennial Lions

Save-the-Date!

The annual Horizon City Christmas Holiday Parade will be virtual this year due to public health concerns related to the current pandemic.

The Centennial Lions will once again be partnering with HorizonCity.com who will be acting as the media and technical associate.

Christmas in Horizon City will come to life in "LOOKING FORWARD TO 2021" in this greatly anticipated virtual stream.

Santa himself along with Mrs. Claus will be present to spread the Holiday Cheer and Spirit!

Instead of a line-up along Ashford Street, the 2020 Christmas/Holiday Parade "line-up" will be virtual and viewable at HorizonCity.com. Your Businesses or organizations are invited to submit a 30 second video wishing Horizon City citizens Happy Holidays/Merry Christmas and Happy New Year.

The parade may look a bit different but we hope that it is an opportunity for our local businesses and organizations to be able to showcase themselves in a way that they would not be able to do in a traditional parade. We encourage everyone to not only participate but to share it with family and friends who are outside the immediate areas.

So be on the lookout for this Christmas *EXTRAVAGANZA!*

Details

Theme:

"Looking Forward to 2021" – participants are encouraged to be creative and whimsical and to have fun with their video production.

Date:

December 05, 2020

Time:

10:00 a.m.

Website:

HorizonCity.com

Your support to Benefit:

Many parents, within your community, have lost their job during the pandemic. Sadly, that shows no sign of stopping anytime soon. This year your donation can bring relief to many worried about feeding their families during Thanksgiving & Christmas by giving them a holiday food basket filled with turkey, dressing, potatoes, vegetable and gravy.

Will you join the Centennial Lions in helping feed the hungry?

For more information:
